Adding addition project scope – Due date Extension

Please be advised that addition scope of work has been added to this RFQ

Services will be required for the Meter shop located at 1410 Martin Luther King Jr. Drive, Winston-Salem, NC.

PROJECT BACKGROUND AND SCOPE OF WORK DESIRED:

It is estimated the existing Meter Shop Office building was built in 1970's. We are contemplating renovating the 2,500 square foot structure and adding an additional 700 – 900 square feet connected to the existing structure. The project will include additional restroom capacity either by renovating the original facilities or in the addition. The successful firm will investigate City needs, prepare specifications, prepare construction documents and provide construction administration services.

Due date revision

All questions concerning this request for Letters of Interest or the scope of this work should be directed to Matt Franklin: robertmf@cityofws.org. **Questions will be accepted through Friday, November 2, 2018.**

Private firms are invited to submit letters of interest for providing the requested engineering services to the City by **1:00 P.M. on Friday November 16, 2018.**
