The city is more strictly interpreting what constitutes the good faith efforts of firms submitting proposals for city contracts that have M/WBE participation goals.

This workshop will explain policies and procedures so that you are in the best position to win contracts and gain M/WBE participation. Attendees will receive a certificate, good for two years, which can be used on RFPs/RFQs.

Topics will include good faith efforts, forms and affidavits to submit with proposals, evaluation criteria, and Historically Underutilized Business certification.

Participating firms are encouraged to bring at least two representatives to the workshop.
