## HUMAN RELATIONS COMMISSION

### MISSION STATEMENT

The mission of Human Relations is to create, facilitate, promote, anticipate, study, and recommend programs, projects, feedback, and actions for the elimination of discrimination in any and all fields of human relationships.

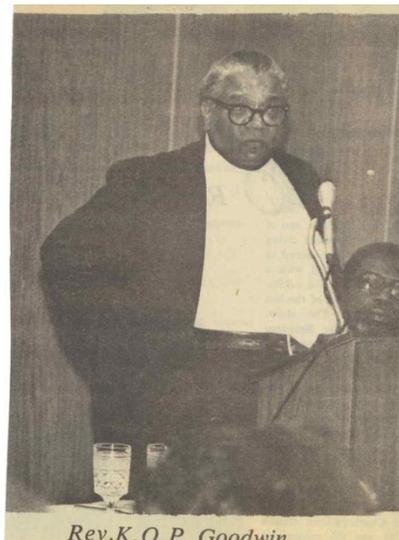

### COMMISSION'S VISION

“Winston-Salem—A Place Where Everyone is Treated Fairly”

### HISTORY

In February 1978, the City Council amended Section I, Chapter 2 of the City Code and created the Winston-Salem Human Relations Commission by adopting an ordinance entitled “An Ordinance Creating A Human Relations Commission.” In June of 1978, the Commission was funded \$31,000 by the City Council to carry out the provisions of the Ordinance. On August 2, 1978, A Memorandum of Understanding was signed between the City of Winston-Salem and the U.S. Department of Housing and Urban Development. Through this agreement, the City established a fair housing strategy task force, which became the New Horizons Fair Housing Committee, the only mandated committee of the Human Relations Commission. The first Human Relations Director, Herman Aldridge, was hired on October 30, 1978, as Director of the Human Relations Department.

## **THE COMMISSION'S RELATIONSHIP TO CITY GOVERNMENT**

The government of the City of Winston-Salem and the general management and control of all its affairs are vested in the City Council and the Mayor. The City Council appoints the City Manager who is the administrative head of City government and is responsible for the administration of all departments of City government. The City Council is also the appointing authority for members of the Human Relations Commission.

The Commission keeps the City Manager and the City Council informed of its activities. To further that communication, the chairperson or a designated member of the Commission shall appear annually before the City Council to provide them with information on the pulse of the community; a yearly progress report on Commission programs and projects; and a presentation on noted problem or possible problem areas within the community.

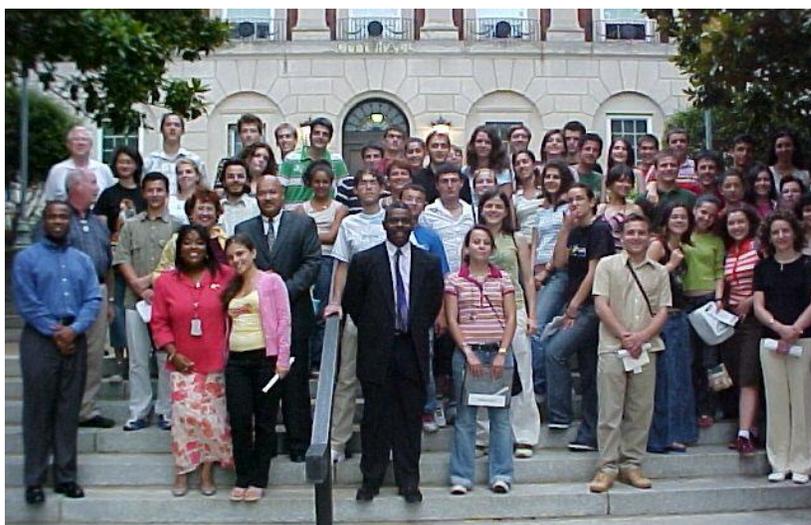

The Commission makes suggestions and recommendations to the City Council concerning new City ordinances or amendments to existing local ordinances relevant to the welfare and needs of the citizens of Winston-Salem.

## **THE COMMISSION'S RELATIONSHIP TO THE STAFF**

The Commission's relationship with the Human Relations staff involves advising in the directing of staff regarding fair housing and cultural community concerns and issues. During the process of initiating programs and investigating complaints and problems, the Commission calls on the staff for technical assistance and research into matters that are brought to the Commission.

## **THE COMMISSION'S RELATIONSHIP TO THE COMMUNITY**

The Human Relations Commission is the body through which citizens' problems and concerns can be relayed to City officials. Often, this is accomplished through public hearings and forums. Through these hearings and forums, the Commission can actively solicit citizen input and monitor the climate of the community in an effort to proactively minimize problems and stay abreast of changing needs. Citizens may also contact individual Commissioners with concerns or attend Commission meetings and voice their concerns.

## THE WINSTON-SALEM HUMAN RELATIONS DEPARTMENT

### OVERVIEW

The Winston-Salem Human Relations Department is the working arm of the Commission and is responsible for the overall operation of the Department and Commission.

The staff is comprised of a Human Relations Director, two Human Relations Specialists and an Administrative Secretary, who work under the general direction of City administration. The staff is guided by laws, ordinances and regulations pertaining to the operation of municipal government and is subject to policies, procedures and guidance adopted by the Winston-Salem City Council.

The staff performs professional and creative work in planning, promoting, coordinating, and implementing programs related to an extensive range of municipal human relationships. The objectives of the programs are to eliminate discrimination and to develop mutual respect and understanding among all racial and ethnic groups throughout the city. The work requires specialized performance on a wide variety of human problems and human relationships, which are generally of a complex social nature. The Director, through her staff, provides liaison, clerical assistance, and research support to the Commission and the committees appointed by the Commission.

Activities of the department are oriented toward the reduction of conflict and tension among all racial and ethnic groups, and toward equal rights, responsibilities and privileges for all citizens of the community. The Director also affects and maintains liaisons and coordinated relationships between her department and other City departments, boards, committees and commissions, organizations and agencies within the City.

The staff establishes and maintains efficient, effective and dependable communication with individual citizens, citizen groups, the business community, churches, and social organizations as a representative of City government in a continuous relationship.

Considerable independent professional judgment and ingenuity in carrying out the above tasks are undertaken. The following duties, although not all inclusive, are undertaken by the Human Relations staff:

- ✓ **Preparing and presenting talks** for delivery to schools, colleges, civic and social organizations and other interested groups.
- ✓ **Conducting research and maintaining source files** in areas of human relations with emphasis on models in other communities, particularly looking for successful approaches and analyzing and avoiding unsuccessful models.
- ✓ **Organizing and preparing materials** for inter-group seminars and training programs.

- ✓ **Serving the College Advisory Board, Human Relations Commission, Youth Advisory Council and each board or commission's committees** during meetings or other Commission activities, and keeping the Commissions fully informed of activities of the Department.
- ✓ **Conducting inquiries into complaints** received in the various areas of human relations, **conducting investigations of complaints**, and preparing reports for dissemination as appropriate or as required to complainants and others accountable for the resolution of respective complaints.
- ✓ **Preparing studies and making recommendations** to the Commission.
- ✓ **Working with educational groups** in preparing programs for improving youth education and minimizing school dropouts.
- ✓ **Preparing press releases for the City** on human relations, racial, ethnic, housing, and other matters.
- ✓ **Maintaining working relationships with other city government departments** concerning human relations matters. Attending city staff conferences and meetings to assure sound workable staff relationships, and keeping the City Manager and city staff informed on human relations matters, particularly where other city departments are concerned.
- ✓ **Maintaining working relationships with other groups in the city** that may be working on human relations programs.
- ✓ **Maintaining continuing liaison with all city, county, state, and federal government agencies** involved in the areas of human relations.
- ✓ **Preparing the department annual budget** for submission to the City Manager and City Council for approval, and maintaining responsible supervision of the departmental budget execution plan throughout the fiscal year.
- ✓ **Preparing reports for the Commission and the City Council** as required or as directed on activities of the department.

## DESCRIPTION OF PROGRAMS

- I. **Complaint Resolution.** This program receives, investigates, conciliates, and mediates citizens' allegations of discriminatory civil rights complaints and unfair treatment in residential housing based on race, national origin, gender, familial status, disability, and color, and religion, as per the federal Fair Housing Act. This program also promulgates adherence to North Carolina General Statute Chapter 42, as it relates to landlord/tenant law.
- II. **Education and Training.** This program sponsors education, training, and outreach that provide formal, informal, and informational classes and seminars to citizens, citizen groups, businesses, and others about fair housing, landlord/tenant issues, cultural diversity, disability, and other human and civil rights issues.
- III. **Community Relations.** This program sponsors and co-sponsors forums and projects for the community that provide information to citizens in partnership with community grassroots organizations and agencies who serve specific segments of the population who are traditionally overlooked.
- IV. **Limited English Proficiency.** This program and policy sets forth the basic requirements and procedures intended to ensure City of Winston-Salem government takes reasonable steps to consistently meet its legal obligation of language access requirements in compliance with Title VI and E.O. 13166. The City of Winston-Salem is committed to improving the accessibility of services to persons with Limited English Proficiency (LEP) and to developing and implementing a system that gives LEP persons "meaningful access" to the City of Winston-Salem's programs and services. The City of Winston-Salem has adopted the goal of improving Hispanic Relations, as per the City Council's Strategic Plan. As a result, the City of Winston-Salem has delegated authority for an LEP Compliance Coordinator (the Human Relations Director) within the Human Relations Department.

Congress enacted Title VI of the Civil Rights Act of 1964 to ensure federal money is not used to support discrimination on the basis of race or national origin in government activities. Section 601 states: "No person in the United States shall, on ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." Neither Title VI, nor its implementing regulations discuss linguistic access per se; however, the courts have consistently found a close connection between national origin and language.

In 2000, the President signed Executive Order (E.O.) 13166 mandating all federal agencies and recipients of federal financial assistance take reasonable steps to ensure meaningful access to their programs to limited English proficient (LEP) individuals. These individuals may be entitled to language assistance with respect to a particular type of service, benefit, or encounter.

## **DESCRIPTION OF PROGRAMS CONTINUED**

The City of Winston-Salem receives federal funding in support of programs, services, and activities through the following all departments receiving federal funding. The City also receives special federal grants or appropriations from time to time to undertake capital projects.

The LEP Compliance Coordinator (Human Relations Director) in the Human Relations Department is responsible for examining all City services, providing outreach to the growing LEP community, and interfacing with all City Departments to help ensure meaningful access to LEP clients and customers. The LEP Compliance Coordinator is able to assist and support Departmental staff in assessing their specific needs and preparing a draft LEP document. The LEP Compliance Coordinator performs the role of resource and advocate for effective plan development.

The LEP Compliance Coordinator also coordinates the Spanish Language Assessment Tool used by hiring Departments in conjunction with normal Human Resources processes to evaluate the Spanish language proficiencies of prospective employees whose jobs may require or prefer bi-lingual abilities, or current employees who may be called upon by the Department to assist their Spanish-speaking customers or clients.

The LEP Compliance Coordinator is not unilaterally responsible for directly providing translation or interpretation services to City Departments. The LEP Compliance Coordinator is responsible for identifying and maintaining a network of qualified community resources for referral to City Departments.

### **V. Boards and Commissions**

#### **College Advisory Board (CAB)**

In May 2010, the Winston-Salem City Council designated the Human Relations Department to administer a newly-created advisory board consisting of full-time volunteer college students from Forsyth County colleges and universities. The newly-created College Advisory Board (herein after referred to as "CAB") advises the Winston-Salem City Council regarding matters of interest to students who are enrolled in colleges and universities in Winston-Salem.

The CAB serves to represent the needs, interests, and concerns of college students and recent graduates by engaging them in relevant community projects, programs, and issues. The CAB serves as a college advisory entity to the City Council regarding areas such as economic development projects, transit advocacy, and student housing issues (and other issues the group may suggest) that will encourage students to remain in Winston-Salem post graduation. All of these areas either directly or indirectly impact student fair housing opportunities and/or impediments.

## **DESCRIPTION OF PROGRAMS CONTINUED**

One of the goals and objectives of the CAB is to voice concerns and resources pertaining to off-campus student housing issues involving landlords, property managers, and fair housing matters. A specific plan of action is to develop a sub-committee of the CAB to receive and mediate fair housing and landlord/tenant issues, which could potentially develop into fair housing complaints, from the college students and against the college students who reside in off-campus housing. This sub-committee would work in partnership with other city departments and community agencies, as needed. Fair housing and landlord/tenant training would also be a component of the resolution. CAB students and neighborhood leaders would be encouraged to coordinate and assist in conducting these trainings in partnership.

### **The duties of the board are:**

- (a) Suggest and contribute ideas to economic development projects that will appeal to college students and young professionals;
- (b) Advocate for public transit availability and accessibility at various colleges and universities;
- (c) Voice concerns and resources pertaining to off-campus student housing issues involving landlords, property managers, and fair housing matters;
- (d) Actively engage in learning about community leadership opportunities that will encourage and foster partnerships with colleges and universities, as well as young professionals; and
- (e) Encourage college students to remain in Winston-Salem after graduation.

### **Human Relations Commission**

In 1975, the Winston-Salem Human Relations Commission was established as an advisory board by city ordinance by the Board of Aldermen (now the "City Council"), pursuant to the provisions of G.S. 160A-492. The Commission was originally established to study race relations and forms of discrimination. The nature and the extent of its policies and programs are determined and set by the commission and shall be implemented within accepted policies and procedures of the city.

### **The Duties of the Commission are:**

- (A) To **study problems of discrimination** in any or all fields of human relationships and **encourage fair treatment and mutual understanding** among all ethnic groups in

the city;

- (B) To **promote equality of opportunity** for all citizens;
- (C) To **provide channels of communication** among all ethnic groups;
- (D) To **encourage the employment of qualified people** of all ethnic groups;
- (E) To **encourage youth** to become better trained and qualified for employment opportunities;
- (F) To **anticipate and discover those practices and customs most likely to create animosity and unrest** among racial and ethnic groups and by consultation **seek a solution** as these problems arise or are anticipated;
- (G) To hold such meetings as the Commission may deem necessary or proper to assist in carrying out its functions;
- (H) To **make recommendations to the City Council** for action it deems necessary to the furtherance of harmony among racial and ethnic groups in the city; and to perform such other duties consistent with the general law as may be assigned it from time to time by the City of Council.
- (I) On August 2, 1978, A Memorandum of Understanding was signed between the City of Winston-Salem and the U.S. Department of Housing and Urban Development. Through this agreement, the City established a fair housing strategy task force, which became the New Horizons Fair Housing Committee, the only mandated committee of the Human Relations Commission.  
  
Through efforts of the New Horizons Fair Housing Committee and others, the Board of Aldermen adopted the Winston-Salem Fair Housing Ordinance on May 17, 1982. In addition to the Ordinance, the City Council adopted Rules and Regulations to provide guidelines for the Human Relations Staff in carrying out the provisions of the Ordinance.
- (J) In accordance with the ordinance amending Article III, Division 8 of Chapter 2 of the City Code, as adopted by the City Council on January 21, 2003, **to facilitate partnerships with fair housing and cultural community organizations** in furtherance of the Commission's purpose.
- (K) In accordance with the ordinance amending Article III, Division 8 of Chapter 2 of the City Code, as adopted by the City Council on January 21, 2003, to perform other duties as necessary to enforce the powers assigned it in accordance with Article IV, the Fair Housing Ordinance of the City of Winston-Salem, of Chapter 38 of the City Code.

The Fair Housing Ordinance makes it unlawful for an owner or any other person engaging in a real estate transaction, or for a real estate broker or salesman to discriminate because of race, color, religion, national origin, or sex, against a person or a person residing with that person or of friends or associates of that person. The Federal Fair Housing Law was amended on March 12, 1989, to include handicapped and families with children as protected classes under the law. These are now included in the Winston-Salem Fair Housing Ordinance.

The Commission has four other standing committees -- Community Relations, Hispanic Relations, Student Relations, and Interfaith. The **Community Relations Committee** duties are to develop programs to enhance cultural exchange, such as Beyond Soul and Salsa; **Hispanic Relations** partners with Hispanic organizations to develop outreach for and to educate the Hispanic community, such as Fiesta; **Student Relations** develops programs to engage the youth in leadership and civil rights education and training, such as the annual awards banquet; the **Interfaith Committee** networks with civic organizations and churches across religious denomination lines to develop unifying programs, community education, and special projects, such as the Martin Luther King Jr. Noonday Observance.

Although these committees must be chaired by a Human Relations Commissioner, MEMBERSHIP ON ANY OF THE HUMAN RELATIONS COMMISSION'S COMMITTEES IS OPEN TO ALL INTERESTED RESIDENT(S) WHO RESIDE IN THE CITY.

### **Youth Advisory Council**

In 2010, the City Council designated the Human Relations Department to administer the Youth Advisory Council. The purpose of the Youth Council will be to provide a venue for youth between the ages of 14-18 to have an active means of civic engagement in local government. General duties will include, but will not necessarily be limited to:

- (1) Actively promoting the participation of the youth in city government programs and activities;
- (2) Promoting positive human relations among all youth;
- (3) Providing channels of communication among all ethnic groups;
- (4) Encouraging the employment of qualified people of all ethnic groups;
- (5) Encouraging youth to become better trained and qualified for employment opportunities;
- (6) Performing duties consistent with general law as may be assigned it from time to time by the City Council; and
- (7) Performing such other duties as necessary to enforce the powers assigned to it.

As established by the City Council, the Youth Council's mission is to serve as a conduit between city government and their younger constituents. Their core focus is to include youth civic engagement by way of community programming, developing youth-oriented

activities, contributing at least 40 volunteer hours per school year to government-related initiatives, projects, and programs, providing information to the community regarding topics that are important and relevant to the youth in our community, and to advise the City Council and the Human Relations Department on matters that relate to the community's youth population.

The Youth Council is charged with the authority and responsibility of making recommendations to the City Council concerning the needs and concerns of community youth and the appropriate means by which city government can work with public and private agencies to address such needs and concerns.

**BUDGET HIGHLIGHTS**

- The Human Relations Department's general fund budget is decreased by \$730, or 0.2%. This decrease is primarily the net result of \$4,900 in reductions to printing, discretionary advertising, office supplies, catering, and equipment rental, combined with increases in supplies and services expense and travel (+\$2,500) associated with reassignment of oversight for the Youth Advisory Council, a youth development and outreach program, from the Recreation Department to Human Relations.
- Federal funding through the Fair Housing Assistance Program is project at \$13,880, or 26.7%, below the current year budget. The Human Relations Department uses these funds to investigate complaints of housing discrimination and to sponsor education and outreach programs such as the Fair Housing Summit and American Dream Weekend.
- Funding for conflict resolution services provided by Mediation Services of Forsyth County is included at \$6,600, or \$1,000 less than the current year. This decrease approximates the cost associated with the resolution of landlord tenant disputes, a service provided by the Human Relations Department staff; therefore, this reduction is not expected to impact the level of service provided to citizens.

## RECOMMENDATIONS TO THE CITY COUNCIL

The Human Relations Commission in adopting its new Strategic Plan recognizes the need to continue fostering an environment that initiates and supports multiracial and multi-ethnic dialogue and understanding in our community. We respectfully request your support of the following recommendations:

1. The Human Relations Commission recognizes the importance of building and maintaining effective lines of communication between city government and the community. By improving the dialogue with our diverse community groups, city government can ensure that the City of Winston-Salem fosters an environment that is conducive for an atmosphere in which everyone is treated fairly. In carrying out its strategic goals, the Commission will **increase its outreach efforts in all areas of the community and will seek input from the City Council on issues or concerns in their respective wards**. We ask that the City Council support the Commission's goals in this effort.
2. We ask that the City **Council support the Commission's goal of building a stronger relationship with City officials and City commissions**.
3. We ask that the City Council **support the Human Relations Department as it provides a bilingual staff member** who can assist with proactive outreach measures that will facilitate building positive relations between the City government and our rapidly increasing Hispanic population.

The Commission appreciates the continual support it has received from the City Council. Your continued support will only strengthen the Human Relations Commission efforts in working on behalf of all the citizens in Winston-Salem.
